OUR MISSION

*To provide incessant inspiration in the
creation of successful world class
presentation solutions*

Durleigh

Introduction

If you need a Custom-built presentation solution you have come to the right place.

Durleigh has an experienced team of graphic, product and exhibition designers who strive to keep ahead of the curve by continually improving their knowledge, skills and understanding of the exhibition and display sector in terms of graphic art, CAD, product development and trends. In whatever work our designers undertake, their prime focus is on adding value to the companies we work with in making a positive impact on the perceptions of their target audiences. We understand how important it is for us to have a client's values, vision and goals at the heart of our design thinking.

Our design concepts can be crafted from corporate guidelines to suit individual client needs or alternatively can be created from a blank canvas to suit your requirements.

The Durleigh team follow a process for all custom build enquiries to guarantee consistency and a frictionless process from start to finish.

“The impossible we do at once, miracles take a little longer.”

The Durleigh logo is located in the bottom left corner. It consists of the word "Durleigh" in a bold, white, sans-serif font, set against a blue rectangular background that is tilted slightly to the right.
