OUR MISSION

*To provide incessant inspiration in the
creation of successful world class
presentation solutions*

Durleigh

INTRODUCTION

Durleigh is a Somerset based company, established in 1984. It has a highly respected reputation in providing outstanding off-the-shelf and bespoke presentation, display and exhibition solutions for a wide range of sectors, including: education, business, medical, tourism and local government. We work with private and public sector businesses across the UK and internationally.

With over 30 years experience in design and bespoke manufacture, Durleigh goes from strength to strength, as word continues to spread of our ability to deliver stylish and robust signage and display solutions, on-time and on-budget. We seek to provide inspiration, advice and project management support in creating display solutions that add value to our clients' businesses.

Products, Design, Printing, Manufacture, Hire, Packing and Distribution... all from one source. Products and services designed to help promote yours!

The Durleigh logo consists of the word "Durleigh" in a bold, blue, sans-serif font. The text is contained within a white rectangular box that is tilted slightly to the right. This white box is itself set against a larger, solid blue rectangular background that also has a slight tilt, creating a layered effect.
